

Baptist Church Trust Association

February highlights and impact stories

Greetings, dear friends and supporters,

I am filled with immense gratitude for your unwavering support and dedication to our shared mission of empowering lives and bringing hope to the marginalized. Your generosity has been the driving force behind our progress in our social projects, enabling us to make tangible differences in the lives of those we serve.

It is heartening to witness the transformative impact of our work firsthand, thanks to the dedication of our tireless team on the field and the invaluable support of our partners and partnering organizations.

Together, we are creating brighter futures and uplifting spirits, one life at a time. As we continue this journey of compassion and service, let us remain steadfast in our commitment to making the world a better place for all. Thank you for your continued trust and support.

Warm regards,

Dr. Sudhi Nath

Dream Delhi, an initiative by BCTA, has earned accolades as a distinguished selection by the STOP TB Partnership in Geneva (UNOPS/USAID) under Wave 9. Recently Our Director, Dr. Sudhi Nath received an invitation to represent our organization in Paris for the World Conference on Lung Health. Our mission persists in addressing the pressing issue of Drug-Resistant TB patients.

As we journey through the month, our focus remains steadfast on providing comprehensive support to DR TB patients across 10 EP and CP districts of Delhi. Notably, our efforts extend beyond mere medical treatment; psychological support stands at the forefront. TB Ambassadors accompany patients to Chest Clinics, offering vital emotional aid.

Responding to the needs voiced by our NGO partners, we are exploring avenues for vocational training, laying the groundwork for sustainable employment post-cure. Collaboration with the State TB Cell remains pivotal in driving these initiatives forward.

Story of Impact

Humanitarian efforts to disaster

General Health Camp

SWAAG our women empowerment initiative

Story of Impact

Ashma, a single mother deserted by her husband, faced uncertainty. Supported by Dream Delhi Project, her frail 35 kg frame blossomed to 47 kg by February 15, 2024, with nutritional aid. Regular counseling sessions eased her depression and boosted her confidence. Despite adversity, receiving monthly support from NTEP provided stability. Through our interventions, Ashma's story echoes resilience and hope, proving that with support, even the darkest moments can be overcome. Her journey stands as a testament to the transformative impact of compassion and perseverance.

Update from Kaushal Arjan

As February unfolds, the Kaushal Arjan Project continues its steadfast commitment to empowering marginalized communities through skill development. In collaboration with the National Program (NTEP) under the Ministry of Health and Family Welfare, Government of India, our project remains dedicated to equipping individuals with essential skills for workforce success. Amidst the challenges of the past year, our project has achieved significant milestones, positively impacting lives: Through our comprehensive skill development programs, over 200 families have been empowered, gaining the tools and knowledge needed for sustainable livelihoods.

Empowering communities in times of Crisis

At BCTA, our commitment to humanitarian efforts remains unwavering, particularly in times of natural disasters. With a dedicated team of volunteers and mobilized resources, we strive to provide immediate relief to affected communities. Our relief efforts are multifaceted, ranging from distributing essential supplies like food, water, shelter, to offering crucial medical assistance. Recently, we extended our support to the Internally Displaced People (IDP) in Manipur, in collaboration with the Baptist Leadership in Manipur. Amidst their plight, we distributed blankets to provide warmth and comfort during challenging times.

General Health Camp

At the heart of our commitment to community welfare lies our dedication to ensuring the health and well-being of those we serve. Through regular General Health Check-ups conducted in various project locations, we've been able to make a meaningful impact on the lives of individuals and families.

Through preventive care and early intervention, we've mitigated disease spread and alleviated suffering among vulnerable populations. These health camps resonate deeply within communities, symbolizing our dedication to fostering wellness. As we prioritize collective health, we're reminded of the transformative power of unity and support.

SWAAG Initiatives

SWAAG is driven by the transformative power of women's empowerment and spiritual upliftment. Through our women leaders in the church, we foster a supportive environment for women to drive change. This month, we've initiated a blend of social action and spiritual guidance, inspiring women to lead by example. We believe empowered women are agents of positive transformation, advocating for justice and equality. As we continue, we envision a world where women stand at the forefront, shaping a brighter future.
